

AginWhere™ LT

INCI: Bifida Ferment Lysate

CAS No.: 96507-89-0

EINECS No.: 306-168-4

Technical Data

Item	Standard
Appearance	Opaque viscous liquid
Color	Milky white to creamy yellow
Odor	Yogurt flavor
pH(20°C)	4.5-7.0
Solid content	≥ 4.5%
Hg	≤ 1ppm
As	≤ 10ppm
Heavy metal(Pb)	≤ 40ppm
Bacterial count	≤ 500cfu/g
Mold and Yeast	≤ 100cfu/g
E.Coli	Negative
<i>Pseudomonas aeruginosa</i>	Negative
<i>Staphylococcus aureus</i>	Negative

Recommendations:

- AginWhere™ LT is suspension liquid, recommended to use in translucent and opaque lotions.
- Precipitation may occur after standing for a long time, which is a normal phenomenon and shake well before use.
- Addition below 50 °C, it can be added to water phase to participate in cold emulsification; Thickener is recommended to use.
- Should not be directly added to strong acid and alkali systems.

Features:

- Fermentation, probiotic Bifidobacterium
- Contains metabolites, cytoplasmic fragments, cell wall components and polysaccharides
- Increase skin resistance to a variety of external factors

Packaging&storage:

- Generally, AginWhere™ LT is packed in 1kg or 5kg fluorinated bottles
- AginWhere™ LT is recommended to stored in dry and cool place(4~10 °C). Strong light and heat should be avoid as well.
- AginWhere™ LT has 1 year shelf life.
